- Special Events & Rentals
- Gift Shop
- Open Studios for Artists
- Garden & House Tours
- Picnic Lunches

ABOUT: Situated on the historic estate of *Kaluanui*, a home built in 1917 by C.W. Dickey for Hui founder Ethel Baldwin, its main house, stable, carriage house and garage have since been transformed into fully functioning working artist studios, exhibition galleries and classrooms. The collective space offers an invaluable quality to all teachers, students, visitors and members of our community. The sense of place offered by its vast estate and awe-inspiring views of Haleakala, West Maui Mountains and Maui's North Shore develop inspiration and invigorate artistic energy. Its historic structures and expansive gardens serve as an educational centerpiece in our Maui community, offering a fully accessible, vital open space for residents and visitors to come, learn and enjoy.
